

# (Jacob) Johannes Skifter

Zug, Switzerland | +41 78 44 23 930 | jskifterj@gmail.com | linkedin.com/in/j-johannes-skifter | github.com/JskifterJ

## EDUCATION

### IMD / EPFL / HEC | Lausanne, Switzerland

MSc in Sustainable Management and Technology - GPA: 5.8/6, full scholarship | 2024 - 2026

- Technical coursework: Data Science and ML (Python), Risk Analytics, Advanced Statistics, Optimization Modelling
- Master's thesis, **grade 6/6**: *A living positioning framework for GPU compute business models* (Python scoring tooling, LLM-in-the-loop update protocol)

### The Wharton School of the University of Pennsylvania | Philadelphia, USA

Exchange semester (1 of 4 places for 1,500+ students) - GPA: 3.76/4.0 (A-), full scholarship | 2022

- Exploring the intricacies of M&A and strategic alliances, private equity finance, and business strategy
- Part of Penn Nordic Student Society, Academic Mentor Programme, and Wharton MBA Mentorship Programme

### Copenhagen Business School (CBS) | Copenhagen, Denmark

BSc Business Administration and Digital Management - GPA: 10.6/12 (~A), full scholarship | 2020 - 2023

- Technical coursework: Data Science, Machine Learning, Visualisations, Data Analytics, AI Ethics
- Bridging traditional international business management with the engine room of technology, software & data

## PROFESSIONAL EXPERIENCE

### Impossible Cloud | Zug, Switzerland

Chief of Staff (right hand to the CEO) | Feb 2026 - Aug 2026

- Built the GPU-brokering commercial pipeline from scratch - cold-approaching both sides of a two-sided market (hardware/data-centre supply and compute-hungry demand) to source, qualify and structure deals
- Wrote the first draft of a matching algorithm that syncs inbound demand requests with the supply pipeline
- Conducted a month-long deep-dive into GPU compute infrastructure trajectories - hardware, software, and energy interdependencies
- Spearheaded gen-AI adoption across the company, building an array of in-house tools that replaced paid SaaS solutions

### FIH Partners A/S | Nordhavn, Denmark

Investment Banking Analyst (part-time/full-time) | Feb 2023 - Jul 2024

#1 ranked IB in Denmark (Prospera, 8th consecutive year ranking)

- Financial modelling, market screening and technology-sector analysis, focused on companies navigating the industrial sustainability transition
- Screened 40+ technology companies in the electrification and industrial automation sectors
- Supported Associates-to-Partners with modelling and presentation material for live deal work

### Orbitvu Nordic | Nivå, Denmark

Co-Founder and Technical Lead (part-time) | Sep 2020 - Sep 2022

Scandinavian B2B distributor of automated product photography studios (hardware + software package)

- Built and ran the digital go-to-market end-to-end (web, ads, pricing, quotations, contracts); expanded into SE, NO, FI & IS
- Three-student team grew revenue from DKK 500k to 3.5M+ over the period; profitably

## EXTRACURRICULAR ACTIVITIES

### CBS International Case Teams Member - Impact / Finance role | Copenhagen, Denmark

- 1st places in ICC@M (Maastricht), MT Højgaard x Valcon CC (Copenhagen); 3rd place in UMCC (Münster)
- 7-week case-training programme with top-tier consultancies (MBB, Accenture, MMC, PA)
- Non-placement participation: Champions Trophy (Auckland), CaseIT (Vancouver)

### Techlabs Digital Shaper Programme | Copenhagen, Denmark

Data Science Track (Python) | 2020 - 2021

- Built end-to-end data science project: designed database schema, developed Python backend, deployed recommendation platform (based on metrics from the Boligportal.dk dataset)

### Scouts Leader / Football Coach | Spentrup, Denmark

- 'Wolf-pack'/team co-leader where I was once clubmember myself. Taught me about team dynamics, responsibility, and patience
- Helped organise weekly meetings/trainings, coordinate groups for tournaments/matches, and plan trips

## ADDITIONAL INFORMATION

- Languages:** English (native), Danish (native; Norwegian and Swedish inherently very similar), German (professional), French (intermediate)
- AI tooling:** Claude Code (daily user), Cursor, Codex, MCP orchestration; personal Claude CLI agent (github.com/JskifterJ/agent, private)
- Technical:** Python/R (Advanced), HTML/CSS (Advanced), SQL, Git, Microsoft Suite (Excel, PowerPoint, Word)
- Interests:** Hardware/software, outdoor sports, and fast things.
- Certifications:** SAP NEXT-GEN DK (S/4HANA, Design Thinking, AI & Chatbot); CBS x Deloitte CHANGE'21; Google Digital Garage (Digital Marketing)
